

14S THE PICTURE OF DORIAN GRAY

pattern. He scanned it curiously, wondering if ever before it had concealed the secret of a man's life.

Should he move it aside, after all? Why not let it stay there? What was the use of knowing? If the thing was true, it was terrible. If it was not true, why trouble about it? But what if, by some fate or deadlier chance, eyes other than his spied behind, and saw the horrible change? What should he do if Basil Hallward came and asked to look at his own picture? Basil would be sure to do that. No; the thing had to be examined, and at once. Anything would be better than this dreadful state of doubt.

He got up, and locked both doors. At least he would be alone when he looked upon the mask of his shame. Then he drew the screen aside, and saw himself face to face. It was perfectly true. *The* portrait had altered.

As he often remembered afterwards, and always with no small wonder, he found himself at first gazing at the portrait with a feeling of almost scientific interest. That such a change should have taken place was incredible to him. And yet it was a fact. Was there some subtle affinity between the chemical atoms, that shaped themselves into form and colour on the canvas, and the soul that was within him? Could it be that what that soul thought, they realized?—that what it dreamed, they made true? Or was there some other, more terrible reason? He shuddered, and felt afraid, and, going back to the couch, lay there, gazing at the picture in sickened horror.

One thing, however, he felt that it had done for him. It had made him conscious how unjust, how cruel, he had been to Sibyl Vane. It was not too late to make reparation for that. She could still be his wife. His unreal and selfish love would yield to some higher influence, would be transformed into some nobler passion, and the portrait that Basil Hallward had painted of him would be a guide to him through life, would be to him what holiness is to some, and conscience to others, and the fear of God to us all. There were opiates for remorse, drugs that could lull the moral sense to sleep. But here was a visible symbol of the degradation of sin. Here was an ever-present sign of the ruin men brought upon their souls.

Three o'clock struck, and four, and the half-hour rang its double chime, but Dorian Gray did not stir. He was trying to gather up the scarlet threads of life, and to weave them into a pattern; to find his way through the sanguine labyrinth of passion through which he was wandering. He
